

Gustavo Perinazzo, Software Engineer

Curitiba, Brazil, +55 (41) 999642714, gustavosperrinazzo@hotmail.com

PROFILE

Experienced Software Developer adept in bringing forth expertise in design, installation, testing and maintenance of software systems. Proficient in various platforms, languages, and embedded systems. Committed to working as a collaborative and positive team member, striving to utilize my knowledge and expertise for optimal engineering results.

EMPLOYMENT HISTORY

Feb 2022 — Aug 2024

Full stack developer, SaaSTec Labs

Curitiba

As a mid-level developer in an ERP system for optical retail, I was responsible for developing and implementing specific functionalities to meet client needs, contributing to the continuous improvement of the product. My achievements include developing customized features that increased operational efficiency and client satisfaction in an environment with over 1,600 clients across Brazil.

- Optimized code for performance and scalability
- Collaborated with other developers to ensure shared code was of high quality and met design specifications

Aug 2024 — Present

Backend engineer, Conselho Regional de Medicina do Paraná (CRM-PR)

Curitiba

- Developed a RESTful API that allowed the app to integrate with backend services, resulting in enhanced user experience

EDUCATION

Feb 2021 — Nov 2024

Bachelor's Degree in Software Engineering, UNICESUMAR

Curitiba
